SUMMARY

I am a dedicated MCA student with strong skills in HTML, CSS, Python, and Django. My confidence, teamwork, and fast-learning ability drive my passion for web development. Eager to tackle challenges and contribute to collaborative projects, I'm committed to expanding my knowledge in the field.

SKILLS

- Python
- HTML/CSS
- SQL/MySQL
- Javascript
- Git/Github
- Django
- C++
- Data Analytics
- Figma, PowerBI

EDUCATION

Master in Computer Application

Rungta College of engineering and Technology
• 2022–2024

Bachelor of Science in Computer Science

Rungta College of engineering and Technology
• 2019–2022

Class XII, ALL INDIA SENIOR CERTIFICATE EXAMINATION

Bhilai Nair Samajam School • 2018–2019

Class X, SECONDARY SCHOOL EXAMINATION

Bhilai Nair Samajam School
• 2016–2017

PROJECTS

A Study Chat room Project

- Created a study chat room using Django, HTML, CSS, and JavaScript.
- Facilitates real-time communication for students to discuss topics, share resources, and collaborate on coursework.
- Develop and execute unit tests and perform system testing to ensure software quality
- Incorporates user authentication and chat features for a seamless learning experience."

Bangalore Home Price Prediction Model

- Developed a housing price prediction model using a Bangalore dataset.
- Utilized machine learning algorithms for accurate price estimation.
- Incorporated features like location, square footage, and amenities.
- Helps homebuyers and sellers make informed decisions in Bangalore's real estate market.

Blog App

- Built a Django-based blog app with CRUD functionality.
- Users can Create, Read, Update, and Delete blog posts.
- Implemented user authentication and authorization for secure interactions.
- Designed an intuitive user interface with HTML, CSS, and templates.
